To Whom It May Concern,

I am Alfred-John Meyer, a recent high school graduate from Britstown High School, currently seeking new job experiences to build upon my existing skills and knowledge. I have completed a two-week learnership in Cybersecurity, AI, and Data Science at KMS College, which has equipped me with a solid foundation in these rapidly evolving fields. My academic background includes subjects such as Business Studies, Mathematical Literacy, and Life Orientation, with notable achievements in each.

My skills include proficiency in programming languages like Python, HTML, CSS, and JavaScript, as well as experience with frameworks and libraries such as Flask and Tkinter. I am comfortable with multimedia tasks, including video and photo editing, and have database management experience using MySQL. I am also skilled in using various productivity tools like Microsoft Office, PyCharm, VSCode, and GitHub.
I am enthusiastic about exploring and learning new technologies and enjoy applying my technical skills to real-world projects. I am particularly interested in job opportunities that will allow me to further develop my skills, whether that be in programming, data analysis, or cybersecurity. I am eager to contribute to a dynamic team and am committed to continuous learning and professional growth.
Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your organization.
Best regards,

Alfred-John Meyer
